2. Introduction

- 2.1 ASC is a national charity involved with working with children and young people who stammer across the UK, either directly with our youth panel and families, or indirectly through our project partnerships.
- 2.2 ASC acknowledges that Beneficiaries can be particularly vulnerable to abuse due to:
- difficulty in communicating concerns;
 - being socially isolated;
 - bullying and harassment due to disability;
 - low self-esteem/negative views of themselves.

3. Policy Statement

- 3.1 ASC acknowledges the duty of care to safeguard and promote the welfare of ASC Beneficiaries and is committed to ensuring Safeguarding practice reflects statutory responsibilities, government guidance, and complies with best practice
- 3.2 The policy recognises that the welfare and interests of our Beneficiaries is paramount in all circumstances. It aims to ensure that regardless of age, gender, religion or beliefs, ethnicity, disability, sexual orientation or socio-economic background, all Beneficiaries :
- have a positive and enjoyable experience at ASC events and are in a safe environment; and

- are protected from abuse whilst participating in ASC events.

3.3 As part of our Safeguarding policy ASC will:

- promote and prioritise the safety and wellbeing of the Beneficiaries;
- ensure everyone understands their roles and responsibilities with respect to Safeguarding and the reporting of incidents and is provided with appropriate learning opportunities to recognise, identify and respond to signs of abuse, neglect and other Safeguarding concerns;
- ensure appropriate action is taken in the event of incidents/concerns of abuse and support the individual/s who raise or disclose the concern;
- ensure that confidential, detailed and accurate records of all Safeguarding concerns are maintained and securely stored;
- prevent the employment/deployment of unsuitable individuals; and
- ensure robust Safeguarding arrangements and procedures are in operation.
- ensure any safeguarding concerns are reported as required

3.4 The policy and procedures will be widely promoted and are included within mandatory training for everyone working for and on behalf of ASC. Failure to comply with the policy and procedures will be addressed without delay and can result in disciplinary proceedings / dismissal.

4. Policy Aims

4.1 The aim of ASC's Safeguarding Policy is:

- to ensure all Beneficiaries when in contact with ASC are protected from harm by implementing appropriate training and procedures for all staff and volunteers;
- to equip all staff and volunteers with the support needed to respond appropriately to specific Safeguarding issues or situations; and
- to serve as a policy document to inform third party organisations of our principles and procedures with regard to Safeguarding.

5. Related Policies/Documents

- ASC Complaints and Incident Reporting Procedure
- ASC Complaints Policy and Procedure
- ASC Safeguarding Self-Declaration Form
- ASC Photographs/Videos, Sexting and Online Use Procedures (see Appendix 1)

6. Promoting Good Practice

Safeguarding issues can be emotive and sensitive for anyone who encounters them in any form. It is important for staff and volunteers to recognise these feelings and to not allow them to impede their judgement regarding any action required. All suspicions of poor practice should be reported following the procedures set out within this document.

ASC will provide regular supervision, support and annual appraisal for all staff to promote best practice within the staff team.

7. Recruitment, Selection and Training of Staff and Volunteers

7.1 ASC will safeguard against possible harm through a rigorous selection process, suitable training and the provision of a safe environment for its Beneficiaries.

7.2 All staff and volunteers should demonstrate exemplary behaviour to protect themselves from false accusations (see appendix 3, 'Safeguarding: Responsibilities for ASC Staff and Volunteers').

7.3 *Recruitment*

(a) For all staff posts at ASC the following vetting checks are carried out:

- identity documents including photographic identity;
- proof of right to work in the UK;
- references including a professional reference using a pro-forma template;
- qualification certificates if required for the role; and
- Disclosure and Barring Service (DBS) Check. All appointments to posts involving direct contact with or relating to children and/or Vulnerable Adults will be subject to an Enhanced Disclosure from the DBS, and agreement to re-check every 3 years.

(b) Volunteers pose the same level of risk to Beneficiaries as paid staff. Vetting checks include:

- identity documents including photographic identity;
- references including a professional reference;
- DBS check if eligible. All volunteers and freelance consultants working directly with children and/or Vulnerable Adults where appropriate will be subject to an Enhanced Disclosure from the DBS, and agreement to re-check every 3 years; and
- self-declaration form to disclose previous spent/unspent convictions if a DBS check is not required.

(c) Visitors to ASC events will:

- be adequately "chaperoned" at all times whilst at the event; and

- complete and sign ASC Safeguarding Self-Declaration Form as and where required.
 - Attendees at in-person events must be over 18 years of age or otherwise accompanied by a parent/guardian
 - In the case of the Youth Panel, members under 18 who wish to attend an ASC event must provide written consent from their parent/guardian.
- (d) Delivery Partners are often, but not always, responsible for providing the specified service or activity and therefore come into direct contact with beneficiaries. Therefore, the following checks and procedures will be carried out to mitigate risk from third parties:
- Delivery partners will be asked to submit their own safeguarding procedures, as appropriate, at the time of application to partner with ASC on a specific project
 - ASC will undertake vetting of the organisation prior to agreeing to enter into a project partnership. Any issues identified at this stage will be escalated to the board prior to approval of the partnership.
 - ASC and the delivery partner will complete a risk assessment for the proposed activity
 - Representatives from the delivery partner organisation who come into contact with children and young people who stammer and their families will be expected to be DBS-checked as appropriate. Depending on the nature of the project partnership, the responsibility for undertaking the DBS check and keeping it up to date will be that of the partner organisation or otherwise agreed with ASC at the time of entering the project partnership. ASC may request written confirmation that appropriate safeguards have been completed and are up-to-date.
 - Self-declaration form to disclose previous spent/unspent convictions if a DBS check is not required.
 - This policy will be shared with delivery partners when entering into a project partnership.
- (e) A criminal record does not prevent employment at ASC. If convictions are revealed on the declaration form or criminal record check a DBS review meeting will be called. This will be conducted prior to confirming or withdrawing an appointment.

7.4 *Staff Training*

- (a) Prior to commencement of work all staff will read, and sign to confirm understanding relevant documents, these will include the:
- Safeguarding Policy;
 - Social Media Guidelines

8.3 ASC will risk assess all activities/events that Beneficiaries participate in, paying particular attention to any Safeguarding risks. In instances where activities are delivered by partner organisations, the risk assessment will be completed in collaboration with the delivery partner.

8.4 ASC is committed to ensuring that all personal information for staff, volunteers and Beneficiaries is stored and used appropriately in compliance with relevant legislation, as per the Data Protection Act 2018.

8.5 All staff should follow the ASC Incident/Complaint & Safeguarding Process in the case of any concerns (Appendix 2).

The process outlined below is followed and any necessary measures are put in place to keep the young person free from harm. This may involve making a referral to an outside agency such as Social Services. This procedure refers both to disclosures relating to the actions of ASC staff and/or volunteers and disclosures unrelated to ASC.

APPENDIX 1

Photographs and Videos

All photographs, social media and identifying media (including use of names or other identifiable information) requires written consent from the young person and parent prior to sharing in the public sphere. Photographs and videos should serve the purpose of updating funders, and promoting the work of the charity. However, it is Action for Stammering Children's policy that it is clearly stated where photos are going to be used, ensuring that the names of children and young people are not printed by the photo unless prior agreement is sought.

All photos and videos are stored securely on the Action for Stammering Children's secure password protected network.

Online and Mobile Phone Usage

Beneficiaries taking part in ASC activities are permitted to bring a personal mobile phone for emergencies.

Staff responsible for leading an activity will have mobile phones with them at all times in case of emergency, and parents will be provided with the contact number for the venue and/or , the delivery partner organisation lead and Action for Stammering Children.

Social Media

Action for Stammering Children staff, volunteers, 3rd party staff will not invite, accept and engage in communication with young people or parents in their personal social media space. Nor will they share their personal number (unless in an emergency) or engage in any communication with a beneficiary outside of the project activity. Any communication will only take place through the official public Action for Stammering Children social media channels which are monitored and checked regularly.

Sexting

Sexting is when someone sends or receives a sexually explicit text, image or video. This includes sending 'nude pics', 'rude pics' or 'nude selfies'. Pressuring someone into sending a nude picture can happen in any relationship and to anyone, whatever their age, gender or sexual preference.

However, once the image is taken and sent, the sender has lost control of the image and these images could end up anywhere. By having in their possession, or distributing, indecent images of a person under 18 on to someone else, young people are not even aware that they could be breaking the law as stated as these are offences under the Sexual Offences Act 2003.

If a member of Action for Stammering Children staff, volunteer, third party staff member, or volunteer is made aware that a sexting incident has taken place, they must immediately inform the DSO and DSL and call the Police. Under no circumstances, must they view this content to verify as this too can be construed as a criminal offence.

In the event of an incident involving sexting, Action for Stammering Children will follow the following guidance:

If another adult expresses concerns about a Safeguarding issue or asks for Safeguarding advice

- Explain that you can't keep the information confidential
- Call the police or emergency services if the child is in immediate danger
- Make a note of what was said using the child's actual words wherever possible

- Probe for more information or make assumptions
- Make negative comments about the alleged abuser
- Promise that 'everything will be okay'
- Agree to keep the information secret
- Delay in getting emergency help if needed.
