

Suffering in Silence Report: Addendum

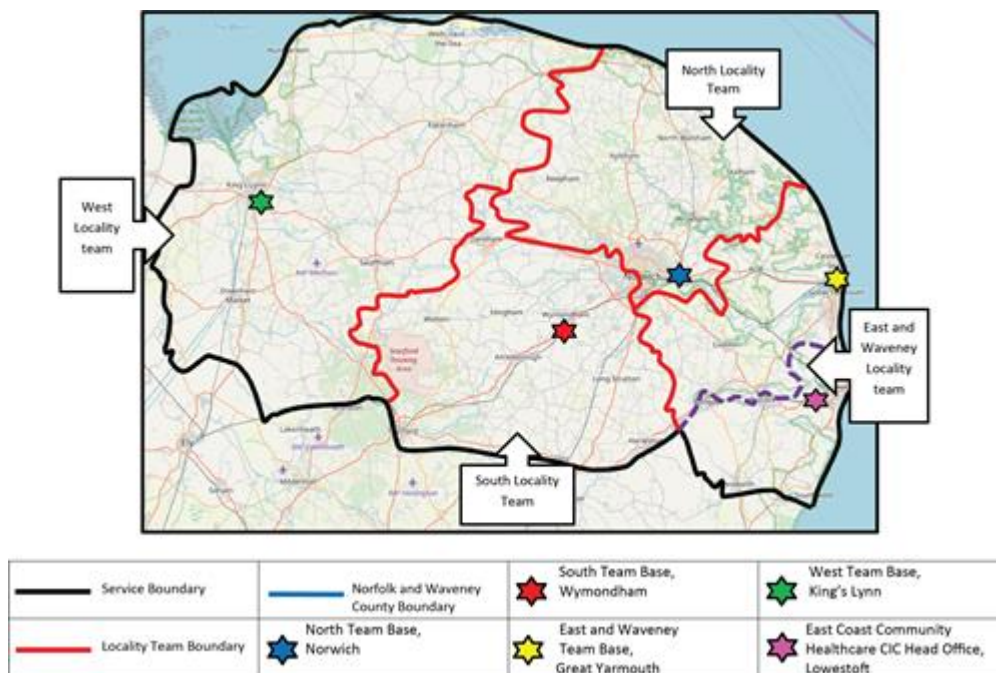

As a charity, we are committed to ensuring our record of specialist stammering services across the UK is as up-to-date and comprehensive as possible. Following publication of the report, some service providers have got in touch with us to supply more information about the structure of the service they offer in their local area. This information is detailed here.

Norfolk

Initially rated **4** due to information available at the time of publication, we have since received further information about the service provided by East Coast Community Healthcare in Norfolk.

Updated ranking: **1**

The service sees children and young people who stammer aged 0-19 years across Norfolk, Waveney and part of Suffolk (please see map below for service boundary):

Bristol & South Gloucestershire

At the time of publication, we did not have access to information about the services available in Bristol and South Gloucestershire that are provided by Bristol Community Health CIC (Community Children's Health Partnership). However, we have since received information about the service provided across this area:

Updated ranking: **1**
